INTRODUCTION

The Nursing School of Bokaro General Hospital of Bokaro Steel Plant, SAIL, and a Government of India Undertaking had its inception in the year 1977. The School has got its affiliation both from the Jharkhand Nurses Registration Council and the Indian Nursing Council. The main objective of this school is to impart Diploma in General Nursing & Midwifery and there by to create awareness and skill in the nursing process in the provision of health care and nursing of patients. Bokaro General Hospital is having a capacity of 910 beds with all modern facilities like ICU, IBU, CCU, Dialysis Unit, O.T., Eye, ENT, G&O, Orthopedics, Surgery, Medicine, Radiotherapy, Bio-Chemistry and out patient department facilities.

Besides rendering medical service to the employees and their dependents of Bokaro Steel Plant, Bokaro General Hospital renders services to the community which includes services to the patients and their dependents of other Corporate. The Nurses Training Institution of Bokaro General Hospital is located in the heart of the Industrial town, connected by road and rail.

I. Duration of the course

The course leading to “A” grade Diploma in General Nursing and Midwifery (GNM) is of 3 ½ years duration and shall be divided as follows:

2 years in theory and practical in General Nursing and 1 year in Midwifery and community Health Nursing, However, community Health Nursing is integrated throughout the 3½ years. Last six months after 3 years of G.N.M. will be their internship period.

II. General Objectives of the Course.

The Nurses completing this course are expected to demonstrate awareness of health care and skills required in the Nursing Process in the provision of health care and nursing of the patients e.g.:

- To assess the needs of individual families and communities throughout life, from birth to death;
- To take appropriate action to meet their needs through competent safe nursing care;
- To take appropriate action to help people attain and maintain their best possible level of health in all aspect.
- To work with other members of the health team and communities in prevention of illness.
- To evaluate effectiveness of nursing and health care activities.

III. Admission of Students

Conditions for Admission:-

1. Admission to this course is limited to unmarried female candidates only.
2. Age limit 17 to 23 years as on 1. 10. 2009.
3. Educational qualification:
 - Students must possess a XII standard schooling certificate in Science with minimum 55% marks (50% for ST/SC only *).No relaxation of marks for General and OBC candidates.
 - Marks will be calculated by two languages and three science subjects. No other additional subject will be added in aggregate.

4. Residence and Citizenship: Candidate shall be a citizen of India.
5. Candidate must be unmarried and physically and mentally fit at the time of admission and during the course. Getting married or becoming physically or mentally unfit during the course of training will be considered a disqualification to continue the course.
6. The application forms at the time of submission must be accompanied by following document:
 - a) The recent passport size photographs.
 - b) Attested photocopies of all qualifications including 10th/ equivalent class certificate as proof of age.
 - c) Those belonging to SC/ST/OBC communities must submit the respective caste certificate issued by an authorized person(District magistrate). OBC Candidates should produce the current caste certificate.

The candidates will have to produce the original certificates for verification at the time of assessment or at any time subsequently whenever asked for.

If the information given or documents submitted by the candidate is found false/fake, her candidature will stand cancelled automatically.

7. Short listed candidates will be called for assessment. Admission will be strictly based on merit.

- c) Development Fee Rs.500/- . at the time of admission.
- d) Tuition Fees Rs.6000/- per annum
- e) In case of default in payment of tuition fees student shall be debarred from appearing in the Council examination.

However, at the sole discretion of the school authorities the delay up to the period of six months may be condoned after imposition of fine of Rs.50/- for delay of each month from the due date. In case default exceeds six months, the students shall be debarred from continuing the training.

- f) All fees will be accepted by Demand Draft only in favor of SAIL, Bokaro Steel Plant, payable at B. S. City.

V. Hostel facilities:

As the course is completely residential, the institution offers hostel accommodation. The campus has play ground, indoor and outdoor recreation facilities. They will have to arrange for their own food in the kitchen of Nurses hostel.

VI. Discipline

Students selected for GNM course shall have to strictly abide by the rules and regulations formulated by the Institution. Any irregularity or indiscipline in any areas shall be dealt with strictly and in this case the decision of the management will be final and binding.

VII. Vacation and Holidays:

Annual vacation	-	30 days
Sick leave	-	10 days per annum

National Holidays	-	3 days
Preparatory holidays	-	7 days per annum

VIII. Examination & Hospital Test

1. All students must pass the preliminary test selection (P.T.S.) examination usually being held within 3 months of admission as nursing student before being permitted to appear in the General Nursing and Midwifery Examination. The decision of the P.T.S. examination and other hospital selection tests prior to sending students for the Council Examination shall be determined by the authorities of the institution. If however, any examinee fails to qualify in the first P. T. S. Examination conducted by the institution a second chance will be given failing which her training in the institution shall be terminated.
2. Supplementary examination:
Council may hold Supplementary examination after six months of the annual examinations.
3. Rules in respect of Students who could not pass the examination:
 - a) If a student fails in not more than two papers either written or practical she will be allowed to appear in the supplementary examination to be held subsequently.
 - b) After a second failure in the same papers, the student may continue in the school at the discretion of school authorities and she may appear for the next examination subsequently.
 - c) If a student fails in more than two papers including practical she will remain in the same year.
 - d) A maximum of 3 attempts will be permitted in each Council Examination (i.e. 1st, 2nd, and final) throughout the training period. In case of failure in any of the Council Examination of any year for more than 3 times, the candidates will not be allowed to continue with further training.
4. G. N. M. Examination (First Year): It will be the responsibility of the parents to take their wards to the outside centers for council examinations held every year.
 - a) If a student fails in not more than one subject at the first instance, she may be permitted to sit for the supplementary examination subsequently in the failed subject as per Council Rules and also she may continue the 2nd year classes and Clinical Experience along with her same batch of students.

- b) If the student fails in not more than one subject in the second chance she should pass the failed subject within maximum chances as mentioned in the syllabus. After passing Preliminary Examination and if she continued the classes and Clinical Experience for 2nd year with her same batch and also if she has attended 75% of the instructional hours and 75% of the Clinical Experience in 2nd year she may be permitted to appear at the second G.N.M. Examination after 6 (six) months/ next examination subsequently.

5. Second G. N. M. Examination (2nd year)

- a) If a student fails in not more than one subject at the first instance, she may be permitted to sit for the supplementary examination subsequently in the failed subject as per Council Rules and also she may continue the 3rd Year Classes and Clinical Experience.
- b) If a student fails in not more than one subject in second chance, she should pass the failed subject within maximum chances mentioned in the syllabus.
After passing the second examination and if she continued the classes and Clinical Experience for 3rd year training with her same batch, also if she has attended 75% of the Class and 75% of the Clinical Experience in 3rd year training she may be permitted to appear at the final examination (3rd year) after 6 (six) months/next subsequent examination held by the Council.

IX. Class attendance and Clinical experience for the re-appearing candidates.

For reappearing in examination the Candidate must have at least 20% of instructional hours and 20% of the field experience separately.

The Council practical examination preferably be conducted as per instruction and guidelines of Jharkhand Nurses Registration Council. JNRC, Ranchi.

X. Other Highlights.

Since there have been tremendous changes in all the fields of technology, the Institution has started the use of computers in all fields. The training facility may be extended to the 2nd year nursing students on payment of Rs. 1000/- to be paid at a time at the beginning of the 2nd year.

XI. Extra Facilities

- a) The Institution is having a beautiful and well equipped Occupational Health Service (O. H. S.) Centre inside Bokaro Steel Plant and the students admitted in Nursing

Training Courses are allowed to get exposure to the service being rendered through the O. H. S. which is not available in any other Training Institute.

- b) Practical experience of the most modern I.C.U., C. C. U., Dialysis, SCBU, IBU, Neuro ICU and Radiotherapy department.
- c) Very good collection of books in the Library.
- d) Teaching with audio visual aids.

XII. Please Note

- A) School of Nursing, Bokaro General Hospital is for imparting Diploma in General Nursing & Midwifery. It does not create any legal right for appointment of the students. Thus Bokaro Steel Plant will have no liability whatsoever regarding offering employment upon successful completion of the course by the candidate.
- B) No stipend will be paid to the student during the period of training (except in internship period).
